Knowledge sharing sessions

Workshop on "ICT- Technological advancement in managing Academic/research

Events (CME, CPE etc) for researchers" - Conference, Seminar, Call for Paper, Symposiums, Workshop, Award Nomination, ePublication etc.

Why this ICT Workshop is important for Academic research Professionals and other professionals from Industry background?

1. Know how to use your Conference participation as Author and as an organizer on hosting an event for the benefit of the delegate as well as for the benefit of the Organization / Institution.

2. How as an organizer you can use the "data" in NAAC and UGC Performance and Accreditation rating of your Institution.

3. Accumlate your CME Credit / CPE Credit in one place.

4. Get to know from experts on right way of doing things when using Technology.

5. Make a "Networked" professional environment for your career growth.

Program outline:

- Planning: Process, Methods and Tools

- Budgeting:Budget Preparation , Issues and how to solve it?

- Using Technology - Why, How and What?

- Promotion & Registration techniques (Mantras to successful reach and participation)

- Risk Management

- Revenue Management - Alternate ways to get funding

- Tips & Ticks from past event expereince (National & International)

- Hands on Session (Laptop with Internet connection is Mandatory)

- Q&A

Audience:

Head of the Institutions, Office bearers from various trade and Professional Associations (Like Presidents, Secretaries, Treasurer etc), Deans, HOD's,Directors, Research Scholars,

Faculties, Students from different disciplines. (From Medical, Law, Engineering, Arts& Science, Management, Agriculture, Veterinary, Fisheries etc)
