

ABOUT CONFERENCE

The International Conference (ICPCES 2024) is meticulously designed to bring together academicians, researchers from Institutions, Industrialists and practitioners as well as Research scholars. The conference will provide a unique platform to the participants to share their knowledge and to evolve their ideas through thought-provoking sessions. Pre - Conference workshops are scheduled with Power, Control and Embedded Systems as the main focus.

CALL FOR PAPERS

Original contributions, reporting results of research and development are solicited on topics covered under the broad areas of Electrical Engineering. Prospective authors are requested to submit their full papers, not exceeding six pages, prepared in the two-column IEEE format, which is available in the conference website (<https://www.mypadnow.com/icpces2024> [1]). All papers should be submitted in “on-line” through the conference website. Accepted papers will be published in the proceedings of the conference provided at least one of the author registers, attends and presents the paper.
