

DIPLOMA IN BIOMEDICAL INSTRUMENTATION -2 YEAR

Objective

- To gain knowledge on promoting , preventive and restorative Bio-medical instrumentation.

Clinical Facilities

- Hospitals with minimum 15 Surgeries per month
- Qualified Surgeon / Gynecology
- Qualified Nurse

Infrastructure

- Comfortable classrooms
- Well equipped lab
- Highly qualified Faculties.
- Computer facilities with 24*7 internet connectivity are available and accessible to every student.

Eligibility: +2 Pass

Medium of Instruction: English

Subjects

First Semester

- Mathematics
- Anatomy and Human Physiology
- Analog Electronics I
- Sensors and Measurements
- Biochemistry

Second Semester

- Bio Medical Instrumentation
- Basics of Electrical Engineering
- Microbiology

- Fundamentals of computing and Programming
- Analog Electronics II

Training Schedules:

- Theory classes conducted in University, Practicals will be conducted in IMA approved hospitals.
- Simplified training in existing technologies.
- updating the future innovations.
- Motivating research activities.
