Proceedings_35th_GBM_during_35th_ISVM_conference__2017_at_TIRLTIELVELI__TAMILNADU___.pdf [1]

Conference Aims

The **35th Annual Convention of ISVM** and the National Symposium aims to bring together leading academicians, scientists, research scholars and veterinary practitioners to exchange and share their experiences in the field of Veterinary Medicine. The theme of the symposium has tremendous significance to keep a tempo with the advancements in Veterinary Medicine. The symposium will help in evolving modern techniques and methodologies in clinical practice, research and education of Veterinary Medicine. Besides, the conference will provide a platform to interact and develop linkage among institutions throughout the country. The interactions among the researchers, practitioners and educators will enlighten the professional community to develop a road map for implementation by the industry/ policy makers to improve the animal health and production.

Invitation/ Call for Contributions

The Department of Veterinary Medicine, Veterinary College and Research Institute, Tirunelveli, TANUVAS cordially invites you to attend the 35th Annual convention of Indian Society for Veterinary Medicine and the National symposium on “Innovative techniques, emerging issues and advancement in Veterinary Medicine to meet the challenges: Present and the future” to be held from 22-24 February, 2017. The theme of the symposium has tremendous significance in improving animal health care through innovative techniques and advancement in Veterinary Medicine. The topic chosen for the symposium will help the academicians, researchers and practitioners in evolving and practicing modern sophisticated tools in clinical veterinary practice, research and education in veterinary medicine. Besides, the conference will provide a platform to interact and develop linkage among institutions throughout the country and to

update our present day knowledge in the field of veterinary medicine. Your participation and interaction will make the deliberations fruitful, helping to enlighten the veterinary professional and to improve the standard of veterinary medical education in the country.

Conference Workshop

By the side of the conference, a workshop on advanced clinical procedures such as endoscopy, ultrasonography and echocardiography in veterinary practice has been arranged. The interested participants may register for the same by paying fees of Rs. 1000/- in addition to the conference registration fee. Please note that only limited seats are available for the workshop to be allotted on first come first basis.

Conference Proceedings

The abstracts/ papers accepted for presentation at the conference will be published in the form of conference abstracts and proceedings book that will be distributed to the conference participants at the conference registration desk.

Conference Sponsor and Exhibitor Opportunities

The Indian society for Veterinary Medicine with more than 1700 life members is one of the largest professional bodies dealing with the animal health in India. We expect the participation of more than 500 academicians, researchers, field practitioners and students across the country in the conference. The theme of the conference/workshop is of utmost importance to the practicing veterinarians. The interactions among the learned participants will be fruitful to develop a road map on animal disease diagnosis and management, and its implementation by the industry/ policy makers. We will be publishing a compendium of abstracts cum souvenir highlighting the deliberations and proceedings, and also organizing an exhibition depicting various developments in the field of Veterinary Practice. Hence, this conference provides an ideal opportunity for the Industry to interact with the practicing veterinarians from all over India and explain the new products and developments. The organizing committee requests you become a sponsor/ exhibitor of the event.
