

12th INDIAN FISHERIES AND AQUACULTURE FORUM (12th IFAF)

Fish for Nutritional Security and
Economic Sustainability

Tamil Nadu Dr.J.Jayalalithaa Fisheries University (TNJFU) is a leading Fisheries University in the country, established on 19th of June, 2012. A focus on excellence,

engagement and equity has led to remarkable growth in student intake strength, new courses, spectacular campuses, state-of-art infrastructure, research impact and reputation. This young University is progressing with a bold Vision of “Harnessing the Science of Fisheries for Food, Nutrition & Livelihood”. TNJFU believes in connecting all professionals and stake holders for realising its vision and the 12th IFAF is one such measure. **More about TNJFU...** [1]

About Asian Fisheries Society Indian Branch

AFSIB founded in 1986 has been successfully hosting Indian Fisheries and Aquaculture Fora (IFAF) in various parts of the country every three years since 1987. The Indian Fisheries Forum has established itself as a recognised platform for sharing fisheries knowledge through conferences, seminars, brainstorming, workshop and publications to bring current developments and issues in fisheries research, technology, development and policy into focus as well as recognising merit through numerous awards and promoting young scientists over the past 35 years. **More about AFSIB...** [2]
